WORK EXPERIENCE

Craw Securities / 1 June 2018-31 July 2018

Worked as an Infosec Trainer and Security Analyst. I was responsible for providing training on Ethical Hacking. I also handled small Testing Projects that the company had to perform.

Recon Global / 5 Sept 2018- 5 March 2019

Responsible for performing Web Application and Mobile Application Manual Audits. Also responsible to perform on-site vulnerability patching work.

Gurugram Police Summer Intern / 6 June 2019- 2 July 2019

Studying and Analysing various types of Cyber Crimes and approach to solve them under the guidance of Mr Rakshit Tandon.

Introduced to Cyber Laws and Digital Forensics..

ABOUT ME

I am an Ethical Hacker, Penetration Tester and Forensic Analyst. I have always been interested in new technologies and have also started venturing into Python Exploit and Script writing and Socket Programming in the recent times. I also take part in Bug Bounty programs. Apart from all these, I possess knowledge of C, C++ and Secure Coding as well.
